Serum Draw Date: 11-7-07

Signature of Veterinarian: Randy Langerhans Date: 11-7-07

Veterinarian signing form acknowledges identity of pet and confirms microchip identification.

Results of Test:

(For Lab Use Only)

Tube labelled "Gral"

Animal Name: GALLAGHER MCGRAE
Microchip #: 490462406E Rec'd Date November 09, 2007

The serum sample has been tested for antibodies to rabies virus by the OIE-FAVN test and found to have a titer of

≥ 4.56 IU/mL

H. Schweitzer
FAVN Supervisor, KSU Rabies Laboratory

A titer of 0.50 IU/mL or above indicates that the animal has an acceptable rabies antibody level for the purpose of export, including the UK Pet Travel Scheme.
